

Hyper-Local Drone Footage Membership

A monthly subscription content license giving Tompkins County businesses exclusive, licensed drone footage of the places their customers actually recognize.

Every member gets full access to our entire drone footage library across Tompkins County — Ithaca Falls, Buttermilk Falls, Taughannock Falls, Cascadilla Gorge, the Ithaca Commons, Cayuga Lake waterfront, Cornell campus, and more — with fresh clips added every month. Business Pro members can also request a new location filmed just for their upcoming posts.

Location requests capture general footage of public places and landmarks within Tompkins County — never footage focused only on your business premises or private property — and are fulfilled in the order received, subject to weather, FAA airspace restrictions, and property access.

Included in Every Membership

- Full access to our entire drone footage library — every clip we shoot across Tompkins County — with new content added every month.
- Footage covers general public locations and landmarks (falls, parks, downtown, trails, waterfront, campus) — never limited to or focused only on any one member's business.
- Fully licensed for your business's own marketing use, with no royalties or per-clip fees.
- All flights operated under FAA Part 107 remote pilot certification.
- Month-to-month membership — no long-term contract, cancel anytime.
- Unfulfilled location requests roll into the next cycle if weather or scheduling delays a shoot.

LICENSE RESTRICTION: Footage delivered under this membership is licensed to your business only. Sharing, copying, reselling, or sublicensing any clip to another company, agency, or third party is strictly prohibited under the Drone Footage Content License Agreement.
